

# Education Library Services & Virginia Cooperative Extension

## Library Services

The York County Public Library serves as an educational and recreational resource for the community, providing material and services to help residents meet their personal, educational and professional needs through an ever-changing variety of media resources.

- **Reference** - responds to all inquiries, in person or by phone, for information, reader advisory, help in locating information and instruction in the use of equipment and resources.
- **Children's** - provides materials and activities to foster an interest in reading and learning.
- **Acquisition & Cataloging** - acquires, prepares, and organizes all materials in all formats for use by the public.
- **Circulation** - responsible for the loan and retrieval of all library materials, and their orderly organization on shelves.
- **Technical Support** - (System Administrator and Computer Support) manage and troubleshoot the library's automation system and all other database systems within the library.

## Virginia Cooperative Extension

Virginia Cooperative Extension empowers people of the Commonwealth to improve their lives through educational experiences focused on their needs and community issues. Federal, State and local dollars fund this office.

- **Agriculture and Natural Resources** - Provide research-based information to the general public in horticultural and related areas. Develop, organize, and present educational programs that deal with the needs of York County citizens.
- **Family and Consumer Science** - Provide research-based information to the general public in food safety, human nutrition, financial resource management, and related areas. Develop, organize, and present educational programs that deal with the needs of York County citizens.
- **4-H Youth Development** - Assist youth, and adults working with those youths, to gain additional knowledge, life skills, and attitudes that will further their development as self-directing, contributing, and productive members of society. Youth and adults are involved in: 4-H Camp, Teen Clubs, Community Clubs, and Special interest groups.
- **Smart Choices Nutrition Education Program** - Work directly with clientele to teach and change food preparation and nutrition behavior of enrolled families. Enrolled families learn skills through individual educational sessions. This program is funded with 50% Federal dollars and 50% local dollars.
